**** External Email ****

Ben and Mike,
I have secured a separate GPS unit for our use at the site next week.

Mike Hoppe and Dave Kappelman will be calibrating equipment and making sure everything works properly on part of Thursday and Friday morning. Are either of you available to come over to EPA Friday morning to go over equipment with them?

Thanks,

Dan Gaughan

Good morning Dan,

Can you please confirm what time on Sunday you would like our subcontractors to arrive at the Site, i.e., driller and radon specialist.

Should we go ahead and rent a GPS to document the boring locations or do you plan for us to use the EPA GPS for the Ludlum survey setup?

Thanks,

Ben Nwosu
